

*Dante Bonuccelli*

# Aline

IT

*Aline*. Lineare. Leggera. Di rigorosa eleganza. La libreria come quinta discreta di spazi domestici o di lavoro. È il progetto di Dante Bonuccelli per Alias. L'architetto e designer di origine argentina immagina una struttura sottile e pulitissima. In alluminio estruso verniciato nei toni neutri del bianco, del grigio grafite o grigio metallizzato gofrato-lascia ai libri il compito di arredare gli spazi.

DE

*Aline*. Linear. Leicht. Von schlichter Eleganz. Das Bücherregal als diskrete Kulisse für Heim- und Büroumgebungen. Ein Projekt von Dante Bonuccelli für Alias. Der Architekt und Designer argentinischer Herkunft präsentiert eine feine Struktur mit purer Linienführung. Das extrudierte Aluminium, lackiert in den neutralen Tönen weiß, graphitgrau oder metallisch grau gerauht, gibt den Büchern den Vorrang und die Möglichkeit den Raum zu gestalten.

EN

*Aline*. Linear, light, and rigorously elegant, this bookcase can be used to create a subtle partition for home or office environments. Designed for Alias by Dante Bonuccelli, an architect and designer of Argentine origin, who conceived a slim and very clean-cut structure. Made from extruded stove-enamelled aluminium in neutral shades of white, graphite grey or textured metallic grey, which gives the books the possibility to furnish the space.

FR

*Aline*. Linéaire. Légère. D'une élégance impeccable. Une bibliothèque, ou plutôt une coulisse discrète pour espaces domestiques ou professionnels. Tel est le projet de Dante Bonuccelli pour Alias. L'architecte et designer d'origine argentine imagine une structure fine et ultra sobre. En aluminium extrudé laqué dans les tons neutres blanc, gris graphite ou gris métallisé granité elle laisse aux livres le soin de décorer l'espace.
