# Segesta Erica Selinunte

IT

Le poltroncine *segesta* avvolgono senza essere ingombranti, offrendo un generoso bracciolo che nasce dal disegno dello schienale. Ampie e sinuose curve nella scocca disegnano le sedie *erice* e *selinunte*, ergonomiche e pratiche nell'utilizzo. La scocca è in tecnopolimero. La sua forma e le sue funzioni si prestano a interni o esterni d'immagine.

DE

Die Sessel der Serie *segesta* umschließen den Körper, ohne dabei sperrig zu wirken und haben großzügige Armlehnen, die direkt aus der Rückenlehne entspringen. Die Sitzschale, mit weiten, geschwungenen Kurven charakterisiert das Design der Stühle *erice* und *selinunte*. Sie besteht aus Technopolymer und ist sowohl ergonomisch als auch zweckmäßig. Dank ihrer Form sind die Stühle für den Wohnbereich genauso einsetzbar wie für den Außenbereich.

EN

*Segesta* small armchairs enclose without being cumbersome, with generous armrests which originate directly from the backrest. With smooth, flowing curves, the *erice* and *selinunte* chairs are ergonomic and practical. The shell is made of technopolymer, the structure is made of steel. Its shape and functions are appropriate for prestigious indoor and outdoor environments.

FR

Les fauteuils *segesta* enveloppent sans encombrer et offrent un accoudoir généreux issu du design du dossier. Une coque aux courbes amples et sinueuses dessine les chaises *erice* et *selinunte*, ergonomiques et pratiques à utiliser. Sa coque est en technopolymère. Sa forme et ses fonctions se prêtent aussi bien aux intérieurs qu'aux extérieurs élégants.

La collezione di sedute segesta / erice / selinunte è caratterizzata da numerose varianti che consentono di rispondere con semplicità a diverse domande funzionali.

Le tre scocche, in tecnopolimero, possono essere combinate con base a ragno, a slitta, operativa su ruote, a croce, in legno o a trespolo, creando di volta in volta configurazioni uniche.

Peculiarity of the chair collections segesta/erice/selinunte are the various versions answering with simplicity to different functional requests. The three shells, made of technopolymer can be combined with 4-legs structure, sledge base, structure on wheels, cross base, wooden legs or trestle base, creating each time unique configurations.

Die Kollektion mit Segesta/Erice/Selinunte zeichnet sich durch zahlreiche Varianten aus und erfüllt somit eine Vielzahl an diversen Ansprüchen. Die drei Sitzschalen, aus Technopolymer, können mit den Strukturen aus Beinen, Schlittenfüessen, Raedern, Holz-Beinen oder einem 4-Stern-Ausleger-Bein-Gestell beliebig und einzigartig konfiguriert werden.

La collection d'assises segesta / erice / selinunte est caractérisée par nombreuses variantes qui permettent de répondre avec simplicité à différentes demandes fonctionnelles. Les trois coques, en techno polymère, peuvent être combinées avec base à 4 pieds, luge, opérationnelle sur roulettes, à croix, en bois ou à 4 branches, pour créer, à chaque fois, des configurations uniques.
